SOVIET COAL MINERS CONTINUE TOP EFFORT

DONBASS MINES FULFILL JANUARY PLAN -- *Leninskaya Pravda*, No 40, 16 Feb 49

Donbass miners have fulfilled the January 1949 plan for cutting coal 104.2 percent and for loading 102.3 percent. All four combines succeeded in fulfilling the plan.

MINERS MAKE SPECIAL EFFORT -- Zarya Vostoka, No 33, 17 Feb 49

Workers of a section of Mine No 3 of "Shkuratovagol" Trust succeeded in outputting 1,014 tons of coal per day. This is 7-8 times more than the average for a mining section of the combine, in honor of the 31st anniversary of the Soviet Army on 23 February.

FAR EAST MINES COMPLETE JANUARY PLAN -- Krasnoye Znamya, No 24, 30 Jan 49

The "Primorskugol'" Combine completed the January plan for coal mining on 28 January.

The "Artemugol" Trust completed the January coal mining plan on 28 January. Mines No 2/9, Podgorstienka, No 1, and 6 have completed the January plan and have started work on the February quota.

The "Suchanag" Trust fulfilled the January coal-mining plan on 28 January, with Mines No 1, 10, 25, and 26 already producing for the February quota. The Trust fulfilled the January plan for coal leading 104.3 percent, but could have exceeded the plan even further if it had been better supplied with railroad cars.
